### CONCEPTUAL DOPPELGÄNGER

Not all ballet flats are created equally. Which is why a très french adventure awaits the stylish, in-the-know gal who wishes to rock the Repetto's like Kate did in the mid-90s. There's always a side street in Paris that houses a little shop, packed with exquisite items that make no effort to understand the outside world. Repetto ballet flats are such items in such a store and they transport by their very existence the person who so much as knows about them, to a place of fantasy that may or may not still exist: it all depends on how you see the world. So I say this to you - get thee a pair and be you man or woman, slip them on, slide your card (do NOT look at the price) and slip out into the world a new person capable of balancing on the tip of one's tongue.

### VITI/VINI

The estate is comprised of 30 hectares at an altitude of 300m. Seb implements organic practices, and the estate is in the process of being certified organic. Gobelet pruning for Grenache, guyot for Syrah. De-stemming and very gentle pressing. Natural fermentation with indigenous yeast and temperature control to around 16 degrees Celsius.

### PRODUCER

Christopher Spencer purchased the estate in 2007 to fulfill a long-standing dream. Christopher's vision is executed by Sébastien Bonneaud, who runs the estate. The favorable microclimate and light touch in the cellar allow for a genuine expression of the region in the finished wine. The label is a pretty apt representation of Sébastien, always with a black beret and glass in hand!
